Fullstack engineer with expertise in TypeScript, Javascript, React, Angular, GraphQL, Next.js, Node.js and some extra goodies

Work Experience

Getir

Senior Software Engineer | Mar 2022 - Present

Leading a team of 6 members.

I mainly work on Franchise and Workforce projects to help Getir business to grow in existing markets.

Technologies involved - React, Node.js, Typescript, Redux etc.

Chegg

Senior Software Engineer | Jul 2020 – Mar 2022

Led a team of 8 members, while managing Marketing (SEO) and Legal pages, by converting high-traffic pages from PHP to React/Nextjs stack.

Technologies involved - React, Nextjs, Typescript, Figma, Contentful, Node.js etc.

Nagarro

Associate Lead | Dec 2018 - Jul 2020

Led a team of 6 members.

I got promoted to Associate Lead from Senior Software Engineer within my work tenure based on the team management, work ethics and progress I maintained in the client project.

Worked on Revenue Management application for a high-profile client which would cater daily business needs like order management, recurring payments, report generation etc.

Technologies involved – Angular (with SSR), Typescript, Node.js etc.

R Systems International

Senior Software Developer | Apr 2018 – Dec 2018

Managing an e-card commerce website adding new feature support as per client requirement.

Technologies involved – Angular (with SSR), Typescript, C#, ASP.NET Core 2.1 etc.

Planetcast Media Services

Software Developer | May 2017 – Apr 2018

Worked on multiple inhouse software tending towards satellite/dish streaming, monitoring, live charts/logs, and timeline management. Managing proper syncing of audio/video/subtitle/logo for each show that would be streamed by the partner channel; along with reading media hardware meta information using MIB.

Technologies involved – Angular 4.x, Typescript, WinForms, WPF, C#, ASP.NET Core 2.1 etc.

Richa Industries *(company dissolved)*

Software Developer | Sep 2016 – Apr 2017

Supporting existing inhouse PEB/Texting software, adding new features and reports.

Technologies involved – WinForms, VB.Net, Crystal Report, MSSQL etc

Cisoft Technologies

Developer and Tester | May 2014 – Aug 2016

Supporting and testing inhouse ERP software that be supplied to multiple schools and colleges. Generating live reports and dynamic timetable; including fees/library/payroll management.

Technologies involved – WinForms, ASP.Net, VB.Net, Crystal Report, MSSQL etc.

Open Source

StorageX

Author | Since 2022

An all-in-one localStorage/sessionStorage/cookie manager browser extension for Chrome/Edge/Firefox browser.

Technologies involved – React, Typescript, Emotion etc.

OrangeFox Recovery

Maintainer | Since 2019

I'm actively maintaining [orangefox.download](#). This is a custom recovery application for android enthusiasts. Created this project from scratch, added support for download, donation contribution, and internalization with the help of community translation service.

Technologies involved – React, Nextjs, Typescript, React-Intl, MaterialUI React, Node-Sass, Crowdin etc.

IT Skillset

Proficient in – React, Typescript, JavaScript, GraphQL, Next.js, Node.js, Tauri, Loopback, HTML, CSS, SCSS, Git, JIRA, Styled Components, Redux, Jest, React Testing Library

Worked on and left – Angular (^9.x), Contentful, Figma, C#, Asp.Net Core, SQL, VB.Net, MS Office suite

Academics

B. Tech - Engineering in CS from AIET, Alwar, Rajasthan | 2014

Schooling and Higher Education (10th and 12Th) – Sci batch from Kerala School, Vikas Puri | 2010

Achievements

NEISBUD Certification Core | 2012
