Experience

Getir

Delhi, India

Technical Lead

03/2022 - Present

- Led the development of a Franchise project that empowers thousands of warehouses to streamline their daily operational tasks.
- Championed the development of a Workforce Hiring project, enabling partner country-branches to efficiently recruit couriers/riders and store assistants.
- Executing the migration of a legacy tech stack to a new Micro-frontend architecture that ensures long-term scalability.

Chegg

Delhi, India

Senior Software Engineer

07/2020 - 03/2022

- Took charge of developing and guiding Marketing (SEO) and Legal pages, overseeing the migration of high-traffic pages from older technology to the latest stack.
- Enhanced chegg.com for millions of students by improving performance, functionality, and accessibility during migration.
- Developed a solution for the product team to easily make their own product and landing pages without having to rely on developers.

Nagarro

Gurgaon, India

Associate Staff Engineer

12/2018 - 07/2020

- Led the development and management of a Revenue Management application tailored for a high-profile client.
- Oversaw the implementation of features satisfying crucial daily business requirements, including order management, recurring payments, and report generation.
- Utilized strong technical expertise to design and deliver a comprehensive solution that effectively streamlined business operations and optimized revenue management processes.

R Systems International

Noida, India

Senior Software Engineer

04/2018 - 12/2018

- Creating an e-commerce platform enabling the purchase of e-cards, gift cards, invitation cards, and more, complete with integrated payment gateway functionality

Planetcast Media Services Limited

Software Developer

Noida, India

05/2017 - 04/2018

- Created multiple in-house software applications for satellite/dish streaming, monitoring, live charts/logs, and timeline management.
- Ensured seamless synchronization of audio/video/subtitle/logo for partner channel shows.

Richa Industries

Software Developer

Faridabad, India

09/2016 - 04/2017

- Development of data feed modules within our in-house PEB/Texting software, optimizing warehouse operations for efficient manpower and machinery management.

Cisoft Technologies

Software Developer

Delhi, India

05/2014 - 08/2016

- Contributed to testing and developing in-house ERP software for schools and colleges, offering features like live reports, dynamic timetables, and management of fees, library, and payroll.

Open-source contribution

StorageX

Author and Maintainer

Since November 2022

- An all-in-one localStorage/sessionStorage/cookie manager browser extension for Chrome/Edge/Firefox browser.

Orangefox Recovery (website)

Author and Maintainer

07/2020 - 03/2022

- I'm actively maintaining <https://orangefox.download>. This is a custom recovery application for android enthusiasts. Created this project from scratch, which supports recovery image download, donation contribution, and internalization with the help of community translation service.
